

"A World of Flowers"

2017 ROSE LISTING

Welcome to Flower World's Rose Department! Available to our customers this year are: Climbers, David Austin, Floribunda, Grandiflora, Groundcover, Hybrid Tea, Miniatures, Shrub and much more. Each category is described below. Please note: This list is for reference only; not all varieties are available at all times. The majority of our roses are from Weeks Wholesale Rose Growers, with the balance of the other roses coming from Certified Roses, David Austin Roses and Star Roses.

There will be a selection of Jackson & Perkins roses mixed in with the Weeks roses as the companies have merged.

AARS AWARD means: The rose has won the All-American Rose Selection award.

NW means: rose is recommended for Northwest weather conditions and has an outstanding performance in our climate.

HYBRID TEA ROSES

This is the most popular class of rose and outsells all other types. Flowers are large and shapely, generally producing one flower to a stem. Some will be better suited to the NW climate and will perform extremely well with proper care and pruning. Many thousands of varieties have been produced since the first rose appeared in 1867.

The first tea roses came on tea boats bound for England from India.

HYBRID TEA ROSES	COLOR AND COMMENTS	AARS	NW
All My Loving	Light red to dark pink, large, fully double flower with tea fragrance		
Always & Forever	Ruby red large flower, long lasting, great cutting		X

We Salute You	Big 2-toned warm orange/pink blossoms on long stems, mod. spicy frag		
White Magic	Extra large; brilliant white blooms, slight fragrance, long lasting cut flower		

GRANDIFLORA ROSES

Vigorous plants, sometimes 8-10' tall, with hybrid tea type flowers borne singly or in long stemmed clusters. Some are also derived from crosses between hybrid tea and floribundas. Others are just extra vigorous, cluster flowering sports of other hybrid tea ancestry. These are good for mass color effect and as background and barrier plants.

GRANDIFLORA ROSES	COLOR AND COMMENTS	AARS	NW
About Face	Golden-orangey inside/bronzy-red out, fresh cut apple fragrance	X	X
Anna's Promise	Golden petals w/pink blush, glowing bronze reverse, elegant		
Ch-Ching	Vigorous bushy clean plant, clear long-lasting glowing yellow flowers		X

GRANDIFLORA ROSES cont.	COLOR AND COMMENTS	AARS	NW

Twilight Zone	Scrumptious deep velvet purple, strong spicy clove frag, old fashioned, flwr		
Wild Blue Yonder	Velvety petals purple-red highlighted in lavender, citrus-rose scent	X	X

FLORIBUNDA ROSES

Floribundas have clusters of smaller, usually cup-shaped flowers. They generally produce more flowers than hybrid teas, so they are showier in the garden. Pinch out the center bud when the cluster is formed and all the flowers will open at once - a more pleasing effect. These roses are frost hardy, disease resistant, abundant flowering and low maintenance. They thrive in a wide range of soils and climates and their easy care allows you free time to enjoy them. Plants usually grow 2-3' high.

FLORIBUNDA ROSES	COLOR AND COMMENTS	AARS	NW
Ambiance	Soft peach w/pale reverse, 3" double blooms, container		
Betty Boop	Yellow ivory edged red, re-blooms quickly, fruity	X	X

DAVID AUSTIN ROSES

After more than 60 years of rose breeding, David Austin has created a magnificent collection of highly versatile roses that can be used in so many different ways in the garden. These roses are renowned for their versatility, combined with beauty and fragrance of the old roses with the repeat flowering and exceptional health of modern roses.

DAVID AUSTIN ROSES	COLOR AND COMMENTS
Abraham Darby	Fine display of peach/apricot blooms, rich fruity fragrance
Benjamin Britten	Salmon pink ages to pure pink, deeply cupped
Boscobel	Salmon ages to deep pink, medium to strong myrrh fragrance
Carding Mill	Pink/apricot/yellow, strong myrrh fragrance
Charlotte	Exquisite cup shaped yellow blooms, lovely tea fragrance, free flowering

Winchester Cathedral	White with touch of buff pink at center, good for borders
Wisely	Pure soft pink, repeat flower quickly, fruity fragrance
Wollerton Old Hall	Butter colored blooms fade to soft cream, very fragrant

SHRUB ROSES

Shrub roses are generally bushier and more free-flowering than other types of roses. They bloom repeatedly and heavily for lots of landscape color. Use them with perennials and other flowering shrubs for an "English Country Garden" look.

SHRUB ROSES	COLOR AND COMMENTS	AARS	NW
Bonica	Medium pink, slight fragrance, 5' high x 3' wide	X	X
Bubble Double	Early light pink bloom in spring, reblooms in fall

Thrive!	Vibrant red, descendent of the knock out roae, blooms all season		
Watercolors Home Run	Yellow gold with pink blush, moderate spicy fragrance		
White Meidiland	Pure white blossoms w/ repeat show, largest flowers of all Meidilands		
Winnipeg Parks	Deep pink w/red shading, mild tea fragrance, disease resistant		X

SHRUBLET ROSES

Shrublets are roses with varying habits which are never too big to tuck into restricted garden spaces. These roses are called 'shrublets' because the flowers are individually smaller with proportionately smaller foliage. Shrublets bloom abundantly, have a good disease resistance and a high level of hardiness. Shrublets look attractive in the landscape with merely a light shaping rather than a hard pruning.

SHRUBLET ROSES	COLOR AND COMMENTS	AARS	NW
Gourmet Popcorn	Bright white, profuse fragrant flowers, rose scented		X

GROUNDCOVER ROSES

Groundcover roses are hardy, spreading roses that quickly cover large areas, where ever you want low growing color that's practically carefree. Each variety will differ in height and width. There are two varieties that can also be used as baskets, or in patio pots - Happy Trails and Snow Shower.

GROUNDCOVER ROSES	COLOR AND COMMENTS	AARS	NW
Rainbow Happy Trails	Yellow edged pink bloom with mild tea and fruity fragrance		X
Red Ribbons	Disease resistant, bright red single flwrs, free flowering		X
Sunshine Happy Trails	Yellow bloom, semi-double, moderate fruity scent		X

RUGOSA ROSES

Rugosas thrive in salt air, stand up to strong winds, ignore rain and survive cold winters. They bloom heavily in spring and recurrently throughout the summer. They have old-fashioned clove scented blossoms, and produce large, decorative hips that make the garden colorful in winter. You can't go wrong planting these rugged roses.

RUGOSA ROSES	COLOR AND COMMENTS	AARS	NW
Austrian Copper	Orange-red w/blazing yellow reverse, licorice fragrance		X
Blanc double Coubert	Continual production of pure white double flwrs, tidy habit, disease resistant		X
Frau Dagmar Hartopp	Profusion of shimmering light pink single flwrs, very compact plant		X
Hansa	Big shapely buds open to vibrant violet red flowers, richly fragrant		X
Moje Hammarberg	Long blooming, spice scented, magenta semi-double flowers		X
Persian Yellow	Vibrant dark yellow, strong licorice fragrance		X
Pink Grootendorst	Extremely hardy, carnation-like double pink blooms		X
Purple Pavement	Abundant mauve flowers, dark red hips, disease resistant		X
Rosa Rubrifolia	Single pink flowers, orange hips remain on through fall, drought resistant		X
Rosa Rugosa	Big rose-red single flowers, very hardy, fat round red hips, slight fragrance		X
Rosa Rugosa Alba	Big single white flowers, very hardy, fat round red rose hips		X
Sir Thomas Lipton	Beautiful rounded blooms, very white, powerfully perfumed, disease resistant		X
Therese Bugnet	Long lilac pink buds, grey-blue-green foliage, disease resist, mod spicy frag		X

CLIMBING ROSES

Climbers are easy to grow and among the most spectacular plants in the landscape, adding height and filling it with thrilling masses of bloom. Train them to grow against walls, ramble along fences, climb posts or pillars, cover slopes, or let them trail up and over gateways. They are so impressively beautiful they'll add to the value of your home.

CLIMBING ROSES	COLOR AND COMMENTS	AARS	NW
Above All	Salmony orange blend, old fashioned cupped flwrs, lrg clusters, fruity frag		
Altissimo	Chinese lacquer red, long lasting large saucer-like flowers

Whimsy	Hot pink painted and splashed on creamy white, repeat bloomer		X
Winsome	Dark lavender purple pointed buds open to large shapely magenta blooms		X
You're the One	Perfectly shaped buds open cream with several blushing shades of pink		X

TREE ROSES

Tree roses are either a 18", 2' or 3' stem, which is grafted onto a hardy root stock. The rose itself is then grafted onto the top of the stem. These roses are very elegant when used as a feature among other plantings.

Tree roses make a nice vertical statement in your garden. Extra winter protection is needed for the tree to survive. Different heights are available. The shorter trees are great on your deck in pots and patio containers. We also carry a double grafted tree with the first graft at 18" and another graft at 36" which creates a two layered tree.

These plants give you a lush topiary look with twice the number of blossoms of conventional rose trees.
