

2025 Clinic Line Up

Mar 15 – Mason Bees #2 – Dalene & Terri – 11:00 AM – 1:00 PM

Did you miss our first clinic, or maybe you are looking for more information? Here is another opportunity to learn about one of nature's most powerful pollinators.

Mar 22 – Gardening with Long Blooming Sun/Shade Perennials – Dalene & Terri – 11:00 AM

If you are looking for beautiful plants and less work, look no further than adding perennials. This clinic will focus specifically on perennials with long blooming cycles that are suitable for both sunny and shady planting areas.

Mar 29 – Cool Crop Veggies for the PNW – Dalene & Terri – 11:00 AM – 1:00 PM

Shopping for the best tasting veggies? Skip the supermarket and grow your own. Join us as we discuss the most viable vegetable options for our climate and the best way to grow them. We will also discuss matching different crops for different seasons.

Apr 5 – The ABCs of Roses – Terri – 11:00 AM – 1:00 PM

Join Terri, our very own "Rose Fanatic", for 2 hours devoted solely to roses. She will outline her simple steps to success and spend time recommending rose plant selections that best match your specific garden.

Apr 12 – Small Fruits and Berries – Dalene & Terri – 11:00 AM – 1:00 PM

Let's talk about plants and shrubs that "keep on giving". Small fruits and berries provide some of nature's best health benefits and you can easily grow them yourself. See how much better tasting your fruits and berries are when you grow them yourself.

Apr 19 – Spectacular Summer Containers – Terri – 11:00 AM – 1:00 PM

Not all containers are created equally. Join us as we dive into selecting plants that not only live in containers, but flourish! Learn the "rules" to successful container gardening that will make your container one-of-a-kind.

May 24 – Rhododendron Truss Show – American Rhododendron Society – 11:00 AM – 3:00 PM

Our annual visit from the NW Chapter of the American Rhododendron Society is always an exciting chance to see some of the most beautiful blossoms of the season. Bring your questions for the experts or simply enjoy the show.

Clinics end with a Q&A session, are free, and RSVP is not required to attend.
